EVENTS TONIGHT.

Maple Ave. - Meeting of Friendship Bible class at home of A. P. Jones.

Delivered Talk-The Rev. C. E. Goodwin of the First Methodist Episcopal church delivered an excellent address at the meeting of the East Side Bible class in the Community building last evening. Other features of an interesting program were piano solos by Miss Nellie McIntire and Mary McCullough. Rev. Charles F. Eddy gave a splendid interpretation of the Bible lesson of the evening.

Miner Injured-William Watson, colored, was badly injured this morning while at work in the mines at Monongah when he was caught between the bumpers of two coal cars. His right leg was badly crushed. He is a patient at Fairmont hospital.

By-Laws Adopted-At the meeting this morning of the Constitution and By-Laws committee of the Fairmont City Board, a constitution and set of by-laws was compiled. These will be recommended at the meeting of the Board next Wednesday. The committee consisted of C. S. Riggs, George Brobst, and Frank Prichard.

Pythians Initiate-A very interesting session of Mt. City Lodge No. 43, Knights of Pythias, was held last evening in the lodge rooms in the American building. One candidate took the square rank work. A large number of the membership of the lodge attended the session last night. A social hour was spent after the regular meeting and refreshments were served by the entertainment committee.

Meeting Postponed-A meeting of the First Baptist church officials that was to take place tonight has been postponed until Monday evening. The proposition of purchasing the lot in fourth street and Fairmont avenue will be presented at that time.

At Morgantown - Dr. A. B. Smith went to Morgantown this morning where he is attending the West Virginia State Osteopathic convention. Dr. Smith will join him there this evening and will attend the banquet held in connection with the sessions of the convention.

Holding Outing-This afternoon the osteopathic class is scheduled to hold an outing at Loop park. The weather permitting, in case of rain the picnic will be held at a later date. The program calls for a number of games and contests.

Are Well Attended - During June and July the evening service at Grace Lutheran church, which are under the

auspices of the Christian Endeavor society indicate that they are helpful and interesting. The attendance thus far has kept up fairly well. A special musical number is rendered and the leader is assisted by the pastor in conducting the service.

**Train Rider Fined**-On his way from Detroit, Mich., to Newark, N. J., by freight train, Joseph Dobb, a well dressed young man, was arrested by railroad officers last night and brought to the city jail. At police court this morning Dobb was fined \$1 and costs, which he paid, and was dismissed.

**Marriage License Issued**-A marriage license was issued this morning by Deputy Circuit Clerk W. F. Foster to Clarence F. Fraley, 21, and Hazel Beatrice Wilson, 19, both of Mannington. William J. Wilson, father of the girl, gave his consent in writing.

**Confessed Theft**-Ten dollars and costs was assessed by Justice M. R. Musgrove against George Jones colored this morning, who confessed to having stolen a pair of shoes from Tom Brannon's shoe shop on the East side. Brannon made the arrest yesterday when he found Jones with the shoes under his arm.

**Store Robbed**-A quantity of cigarettes, sugar, candy and tobacco was stolen from the store of McDaniel Bros. near the Koppers plant yesterday, evidently by someone living in one of the bunk houses at the brass plant. At least Sheriff Glover's bloodhounds thought so, for they took up the trail which lead to an outbuilding that had just been scrubbed out where the scent was lost.

ALL ARE LINING UP FOR JUDGE MORGAN

Many Personal and Written Congratulations Have Been Received.

CHARLESTON, W. Va., June 18.-With the returns of the official figures from the several counties to the secretary of state removing all doubt as to the result of the Republican contest for the Governorship, Judge E. F. Morgan, Republican nominee for Governor, is receiving scores of congratulatory telegrams and letters from Republicans throughout the state assuring him of their active support and predicting an overwhelming Republican victory in November.

The sincere and hearty congratulatory messages received by Judge Morgan come not only from those who gave him loyal support in the May primary, but also from the supporters of Colonel Fred Paul Grosscup and Senator Samuel B. Montgomery.

One of the first letters came from Sam Davis, former chief of police of Huntington, who was one of the leaders for Colonel Grosscup in Cabell county, where the Colonel received a plurality over both Judge Morgan and Commissioner Montgomery. Chief Davis said:

"As you well know I was for Colonel Grosscup and now as a Republican I want to pledge you my support and will do all in my power to help you to be elected Governor of the state of West Virginia in the November election."

"We opposed you in Cabell county giving preference to our old friend and neighbor Colonel Grosscup," wrote A. D. Mead, of Huntington. "The clean, open fight made by you and your supporters in Cabell has left the county without a sore spot in it and I, for one, take this opportunity of assuring you that we will give to you the same earnest support in the general election that we gave our candidate in the primary and trust we will be able to pile up for you a nice majority in Cabell county."

"I am proud of your victory, proud of the way you conducted your campaign and expect to be proud of you as the next Governor of West Virginia," wrote former Governor W. E. Glasscock. Another former Governor, Albert B. White, of Parkersburg, also congratulated the nominee on his primary success.

Speaker J. Luther Wolfe, of the House of Delegates, campaign manager for Col. Grosscup in the recent primary, met Judge Morgan personally in Charleston, and gave him assurance that he was ready to do everything within his power to make his election certain.

"I was delighted to hear of the outcome and believe I speak the sentiment of the majority of business men of Wheeling and the district when I say to you you will have the unequalled support of all the business men of this community when November comes around," wrote C. P. Billings, of Wheeling. M. J. Cullinan, Wheeling attorney, also wired his congratulations.

T. G. Pownall, of Cumberland, Md., who has large tannery interests in several West Virginia counties, who supported Col. Grosscup in the primary wrote that "I am stronger for you now than for Grosscup then and I take the ground that it now becomes my duty to do all that lies within my power to elect you."

Among others who have wired or written their congratulations to the Republican nominee for Governor are Col. H. B. Wylie, president of the State Good Roads Federation, of Huntington; M. S. Hodges, Franklin; Dr. R. A. Ashworth, Moundsville; Thomas Logan, Parkersburg; John C. Williams, Wirtion; ex-Senator Jos. Gray, Elizabeth; Vernon N. Simmons, Republican leader in Maryland legislature; Senator Gohen C. Arnold, Buckhannon; Judge James Stewart, Morgantown; C. E. Hiner, French Branch; D. P. Hendrickson, Petersburg; H. T. McDonald, president Storer college; ex-Senator Jas. McClung, Richwood; W. J. Wiegell,

Fairmont: Wm. Leckie, Welch; Olin C. Carter, Middlebourne and Max Mathers, Morgantown. At the Chicago convention Judge Morgan was personally congratulated by scores of party leaders.

ASSIGNED CAR SUIT IN COURT SATURDAY

Injunction Proceeding Will Come Before Judge Haymond in Circuit Court.

Coal operators of the Fairmont region are deeply interested in the injunction proceedings which are pending against the Baltimore and Ohio railroad company and which will come up in Circuit court on Saturday. Unless the railroad company asks for a continuance the injunction proceedings will no doubt be heard by Judge Haymond on Saturday morning.

It is understood that Attorney George M. Hoffheimer, Clarksburg, who represents the B. & O. railroad in the state of West Virginia, is in Baltimore today for conference with B. & O. officials, but is expected in Fairmont on Saturday morning in time for the case.

Last Tuesday notice was served asking that the court pass on the injunction proceedings on Saturday morning. This will probably be done unless the railroad should want more time to prepare its case.

The Lambert Run Coal company, which brought the suit, but for which the Northern West Virginia Coal Operators' association will intervene for, will be represented by Rush C. Butler, Washington, D. C., chief counsel of the National Coal Association, and Attorney John A. Howard, of Wheeling.

**Changed Program.** The entertainment committee of the Fairmont Country club dance has somewhat changed the schedule of regular social events for the season. Instead of the weekly dance being held on Saturday night it will in future take place on Friday night. The evening bridge which is also a weekly event has been changed from Wednesday to Tuesday.

Thursday afternoon will be observed each week as children's afternoon and special plans will be made for entertaining the little folks during these hours. Until further notice the committee has announced the following program:

Tuesday Evening-Infant bridge.

Thursday Afternoon-Children's afternoon.

Friday Evening-(9:00 to 12:00)-Infant dance.

B. & O. Excursion To Washington, D. C.

The Baltimore & Ohio railroad has announced its first summer night excursion of the season, which will be held to Washington, D. C. on Saturday, June 26. The train will leave Fairmont at 8 p. m. and the round trip fare including war tax will be \$4.25. The train will arrive in Washington at 6:30 A. M. On the return trip the train will leave Union station, Washington, at 6 P. M.

Get Missing Gold But Did Not Solve Mystery

"Discharged for lack of evidence," was the startling statement of Prosecuting Attorney Walter R. Haggerty this morning when asked what had been done with Worthy Martin, who was arrested yesterday by county officers after they had found about \$20 worth of gold and other material identified by Dr. H. L. Satterfield as having been stolen from his office about a year ago while Martin was janitor of the Professional building.

Armed with a search warrant the officers went to Martin's residence, 426 Main street, found the stolen property and afterward arrested Martin at work for the Fred T. Ley company on The Fairmont hotel.

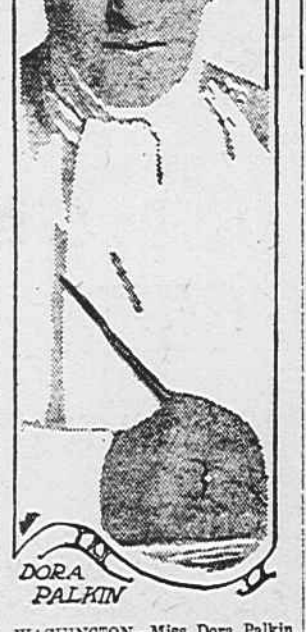

Martin claims to have found the loot in the waste basket.

"Absurd!" was Dr. Satterfield's comment when quizzed about his careless habits.

The value of the stolen property was estimated at \$300 at the time of the theft, only a small portion having been recovered yesterday.

Under the English law, if a window has received light free from obstruction for 20 years, it becomes an "ancient light" and no building may be erected which will obscure it.

HIGHEST COURT ADMITS GIRL, 24

WASHINGTON-Miss Dora Palkin, at the age of 24, is the youngest woman to be admitted to practice before the United States Supreme Court. During the war Miss Palkin was a member of the Loyal Advisory Board which rendered advice to drafted men.

WILL JOIN LEAGUE AFTER ELECTIONS

Former President Taft Makes That Prediction at Baltimore.

(By Associated Press)

BALTIMORE, June 18.-Speaking at a dinner given here last night by the Maryland branch of the English Speaking Union of America at which he and Sir Auckland Geddes, British ambassador, were guests of honor, former President Taft said that America could not escape the league of nations and that the league would be adopted after the obscuring lights of the election had been dimmed.

"When on March four that thing is going to happen which we hope in the kindness of providence will happen, said Mr. Taft, we will approach this question calmly. The Republican party is pledged to an association of nations-this is only another name for a league of nations with reason able reservation or the Lodge reservations."

President of Senate Is Now Governor

(By Associated Press)

GRAFTON, W. Va., June 18.-Governor J. W. Cornwall today turned over his executive duties to Dr. Chas. A. Sineel, of Grafton, president of the West Virginia Senate. The Governor left this afternoon for San Francisco where he will attend the Democratic National Convention. Governor Cornwall to Dr. Sineel intimated his desire to take advantage of the opportunity to attend the Democratic convention and likewise take a needed rest.

Inasmuch as West Virginia has no lieutenant governor the chief executive's mantle in his action falls upon the president of State Senate.

LABOR TO HAVE OWN MEMORIAL DAY

Labor Sunday Has Also Been Appointed by American Federation.

(By Associated Press)

MONTREAL, June 18.-The fourth Sunday in May of each year was today designated as Memorial day by the American Federation of Labor-a day upon which labor will be called upon to pay tribute to the memory of its dead. The churches will be asked to cooperate in the observance of Labor Sunday, the day preceding Labor day in September.

The national steel organizing headquarters at Pittsburgh will not be abandoned, it was announced. While the activities of the headquarters staff will be limited until a new national committee is organized, it will keep up propaganda work among the steel workers.

Weather and the Death Rate.

The general death rate is found to increase with rising temperature, and to diminish with a falling thermometer. These conclusions are reached by Doctor Ellsworth Huntington of Yale, and are a result of a study of about 400,000 deaths in New York city in connection with the weather on the day of death. The peculiarities seem to apply to all seasons. Variety in the weather is healthful and stimulating, and it is believed that some variability is as essential as proper humidity.

RARE BIRDS

Bryan Has Hatchet For Wet Candidates

(By Associated Press)

FARGO, N. D., June 18.-"No wet governor from New Jersey will ever be the Democratic candidate for president," declared W. J. Bryan, speaking in Fargo last night. Mr. Bryan also singled out Governor Cox and Senator Hitchcock as wet. He declared that he was taking a dry plank to the San Francisco convention.

\$100,000 Fire Today at Fayetteville, W. Va.

(By Associated Press)

FAYETTEVILLE, W. Va., June 18.-Fire completely destroyed an entire block in the business district here this morning, causing a loss estimated at \$100,000. The origin of the fire is unknown. Practically every citizen in the town joined in a bucket brigade to stop the progress of the fire.

Insects Give Us Shellac.

Shellac is the joint product of insects and plants and comes from India. The lac insects are about one-twenty-fifth of an inch long, a bright red in color. They suck the juices of plants, digest them and exude them in the form of resin, which soon encases the whole insect. When the young insects have swarmed out, the resin is scraped from the branches, ground, washed, mixed with colophony and orpiment, cooked slowly and drawn out into the thin sheets we know as shellac.

There are about 35,000,000 cotton spinners in the United States.
